CERTIFICATE

Quality Management System Approval

No.: 1358/4/CD/2019/RST/EN/394

in accordance with Directive 2008/57EC of the European Parliament
and of the Council of 17 June 2008 on the interoperability of the rail system within the Community as amended.

The Quality Management System of the production process of Interoperability Constituent

Finish machined axle BA 002

of applicant and final manufacturer

WALBO RAILWAY, s.r.o.
at Vítězná 1271/20, 702 00 Ostrava, Czech Republic

with following supplier of rough machined axles:

PJSC "Interpipe NTRP"
at Stoletova st. 21, Dnipro, Ukraine

has been assessed by Notified Body 1358

Výskumný ústav dopravný, a. s.
Veľký Diel 3323, 010 08 Žilina, Slovak Republic,

in respect of compliance with the applicable requirements of the above mentioned Directive and below mentioned Decisions/Regulations.

The Quality Management System Approval has been performed by application of Module CD of the Commission Decision No 2010/713/EU of 9 November 2010 on modules for the procedures for assessment of conformity, suitability for use and EC verification to be used in the technical specifications for interoperability adopted under Directive 2008/57/EC of the European Parliament and of the Council.

The Quality Management System of production of the aforementioned Interoperability Constituent has been audited in place of production and was shown to comply with the assessment requirements of Commission Decision No 2010/713/EU and Commission Regulation (EU) No 321/2013 as amended by Commission Regulation (EU) No 1236/2013 and Commission Regulation (EU) 2015/924 (TSI WAG) adopted pursuant to the Directive, subject to any Restrictions and Conditions as listed in EC Audit Report No.: 1358/19/020/RST-WAG/CD/CC, which is an integral part of this certificate. The Assessment Results are provided in detail within the EC Audit Report. The Essential Requirements have been assessed as being met through compliance with the requirements of the relevant TSI WAG.

The validity of this certificate is subject to continued compliance with the EC Type Examination Certificate No. 1358/1/CB/2019/RST/EN/393 issued on 04 April 2019 with unlimited validity and the continued maintenance of the Quality Management System in accordance with the requirements of the above mentioned Directive as monitored through regular and unannounced surveillance.

This certificate is valid as long as the aforementioned Interoperability Constituent, the Quality Management System and the relevant technical documentation are not modified. The Notified Body must be informed about any modifications without delay.

Within the validity duration of this certificate the applicant can perform production/installation and final product/installation inspection of the aforementioned Interoperability Constituent. This validity duration may be extended on the basis of future auditing.

in respect of compliance with the applicable requirements of the above mentioned Directive and below Decisions/Regulations.

The Interoperability Constituent as identified above was shown to comply with the Assessment Requirements, subject to any restrictions and conditions as listed in the EC Assessment Report No. 1358/19/020/RST-WAG/CB/CC, where are provided in detail the assessment results. The EC Assessment Report is an integral part of this Certificate. The Essential Requirements have been assessed as being met through compliance with the requirements of the relevant TSI only.

This Type Examination has been performed by application of Module CB of the Commission Decision No 2010/713/EU and Commission Regulation (EU) No 321/2013 as amended by Commission Regulation (EU) No 1236/2013 and Commission Regulation (EU) 2015/924 (TSI WAG) adopted pursuant to the Directive.

This certificate is valid for the Interoperability Constituent as identified above as long as this Interoperability Constituent and the relevant technical documentation are not modified. The Notified Body must be informed about any modifications without delay.
